## BIOGRAPHY:

Nico Parisi is a name synonymous with quality electronic music. For many years he's been at the forefront of dance music as both a DJ and producer. For Nico, it all started with a DJ gig at the infamous Atmoz club, from there he enjoyed success playing at Belgium's top venues as well as travelling the world. He has also brought his skills to many festivals including Tomorrowland - Pukkelpop, Bonzai Retro, Legacy Festival and a host of other notable events. His foray into the production world started with a demo he sent to Antler Subway and from there he saw his tracks championed across the world by the likes of Tiesto, Oakenfold, Armin Van Buuren, Paul Oakenfold and many more. After a period of time with EMI he signed an exclusive contract with the legendary Bonzai Progressive (Bonzai Records) where his brand of smooth, deep, progressive, melodic techno vibes would shine. Nico now boasts a hugely impressive catalogue of original works and remixes. The future looks bright for Nico, he has plans to continue his run of delivering quality music and no doubt he will add to his long list of clubs and festivals in the coming years.
